

2012 **MUSTANG**

Drive one.

THIS BOSS HAS A ONE TRACK MIND.

After a 40-year break, the legendary Boss® 302 with the available Laguna Seca Package is back. And with a 444-hp, quad-exhaust Hi-Po 302 engine, it really loves its work. Literally born on the racetrack, Boss 302 with the Laguna Seca Package overflows with performance upgrades. It starts with engine modifications and goes forever. Rear seat delete with cross-car X-brace. Brake cooling ducts. Front air splitter. TORSEN® differential with 3.73:1 axle ratio. Unique suspension, steering, tuning and calibration. 5-way adjustable shocks. 3-gauge pack to monitor fluid temps and performance stats. RECARO® racing seats. Staggered, painted aluminum wheels with R-compound tires. The list goes on and on, and coincidentally, so does the winning. Once you get it on the track, like any outstanding boss, it commands respect.

Boss 302. Black with Laguna Seca Package. Available equipment.

Drive one.

Front air splitter included in Laguna Seca Package is intended for racetrack use only and is not legal for on-street driving. May degrade crash performance and void vehicle warranty. Must be installed by customer.

2012 **MUSTANG** ford.ca

ANTHOLOGY OF TECHNOLOGY.

How do you produce outstanding horsepower and fuel efficiency in every engine across the line? Start with one passionate development team and some of the industry's most advanced powertrain technologies. Our engineers, each a Mustang enthusiast, brought different innovations to the party to produce these already-legendary powerplants.

Twin independent variable camshaft timing, cast-aluminum engine blocks, cold air induction, dual overhead cams and cylinder heads optimized for airflow are just a few of the ways we deliver more power, more low-end torque and more fuel efficiency. Pick your Mustang, and open up the hood, or the throttle, on an honest-to-badness technological masterpiece.

3.7L V6

The all-aluminum 3.7L V6 was the first engine to deliver 305 hp and up to 6.4L/100 km (44 mpg) hwy.¹ A DOHC design with Ti-VCT technology, it uses 2 camshafts per cylinder bank. Intake and exhaust cams can be advanced independently of each other, providing exceptional valve timing control. This helps eliminate induction and exhaust compromises, and allows the engine to deliver key benefits including low-end torque, peak horsepower, increased fuel efficiency and reduced emissions.

5.0L V8

"We have to hit 400 horses." The goal for the 5.0L development team was clear. As with the V6, Ti-VCT technology was instrumental in hitting that mark, but there's much more to it than that. Cylinder heads were optimized and a new intake manifold was designed to bring more air into the engine. A high-energy coil-on-plug ignition was selected for more efficient combustion. Piston cooling jets were designed to cool the engine back down and maintain reliability. Tubular exhaust headers were fabricated to produce more power. The result: a goal-clearing 412 hp.²

Boss® 302

To build an engine worthy of the Boss name, the powertrain team started with GT's 5.0L as a baseline, then got to work. Every component was analyzed, then modified to make sure the Boss 302 could withstand all-day thrashing all the way up to its 7,500 rpm redline. Improvements abound, including forged-aluminum pistons, upgraded connecting rods and revised oil pan baffling. Without the benefit of a supercharger, the Boss delivers 444 hp and 380 lb.-ft. of torque, plus all the reliability of a Mustang GT.

¹10.7L/100 km city and 6.4L/100 km hwy. (26 mpg city/44 hwy.), Coupe automatic. Fuel consumption ratings based on Transport Canada approved test methods. Actual fuel consumption may vary. ²Figures achieved using premium unleaded fuel.

Drive one.

A VISCERAL THRILL RIDE.

With a jaw-dropping 412 hp¹ and 390 lb.-ft. of torque,¹ GT turns green lights into green flags, and rips any lane into your personal victory lane. With one stomp of your right foot, the legendary Ti-VCT 5.0L V8 responds immediately, delivering usable power throughout the torque curve. An upgraded suspension, larger stabilizer bars and electronic power-assisted steering help you make the most of GT's power, both literally and laterally. Other highlights include an optimized 6-speed transmission, class-best 7.6L/100 km hwy.² and the available Brembo™ Brake Package with 14" front rotors, unique 19" wheels and electronic stability control tuning. Powerful meets visceral.

GT. Red Candy Metallic Tinted Clearcoat. Available equipment.

¹Figures achieved using premium unleaded fuel. ²12.2L/100 km city and 7.6L/100 km hwy. (23 mpg city/37 hwy.), V8 manual. Fuel consumption ratings based on Transport Canada approved test methods. Actual fuel consumption may vary. Class is V6 and V8 Sports Cars.

Drive one.

GRAB THE ROAD. RELEASE THE HORSES.

It's one thing to generate serious horsepower and torque; it's quite another getting it all to the ground. Every 2012 Mustang does, and that's just the beginning. Not only do they go hard, they turn and stop exceptionally. All the way across the line, every model has been independently tuned to find the perfect balance between comfortable and fuel-efficient, and corner-carving and race-winning.

Go.

To turn horsepower into forward motion, every Mustang comes equipped with AdvanceTrac® ESC¹ (electronic stability control). AdvanceTrac monitors vehicle speed, throttle position and steering wheel angle, and, if necessary in slippery conditions, reduces engine torque and applies the brakes as needed. Select the Sport setting to push your Mustang to its limits while still retaining control. Of course, you can also turn AdvanceTrac off completely.

Turn.

To properly dial in every Mustang, suspension testing and tuning was performed at racetracks around North America during model development. On average, up to 7 separate test drivers were utilized at each track to provide feedback and expertise. Suspension components were selected specifically for each model. So no matter what you hope to achieve with your Mustang, you'll find the right balance of handling, steering and cornering ability.

Stop.

To improve Mustang braking performance, V6 and GT get unique brakes and rotors, while the available Brembo™ Brake Package on GT includes 14" Brembo vented front rotors with Brembo 4-piston calipers. Boss 302 with available Laguna Seca Package gets front brake cooling ducts and low-expansion brake lines. Even when stopping, Mustang does it quickly.

Drive one.

305 HORSES. ONE TRUE MUSTANG.

Armed with 305 wild horses, available GT suspension and track-ready DNA, Mustang V6 is truly worthy of the Mustang name. With a class-leading 6.4L/100 km hwy,¹ it's ready for anything – be it a sprint race or a marathon. Fire up the all-aluminum, dual-overhead-cam 3.7L engine with Ti-VCT, and one thing that's sure to race is your heart rate. Twin independent variable camshaft timing means maximum acceleration through all 6 gears and the X-pipe dual exhaust strikes just the right tone. In every way, the most powerful Mustang V6 ever produced is one true Mustang.

V6 Premium. Ingot Silver Metallic. Mustang Club of America Special Edition.

6.4L/100 km¹

2012 **MUSTANG** ford.ca

YOUR RACE CONTROL TOWER.

On the track, races are won with quality information and clear communication. They have nothing on you and your Mustang. With Ford SYNC,^{®1} the voice-activated Navigation System¹ and Sirius[®] Satellite Radio¹ on board, you have everything you need for a successful trip.

Award-winning Ford SYNC^{1,2} works with your paired Bluetooth[®]-enabled mobile phone and digital media player or USB drive. It delivers hands-free calling, reads incoming text messages aloud and plays your music. All with the touch of a button and voice commands. The system also features 911 Assist.[™]

Voice-activated Navigation System¹ The 8" LCD touch screen system has nearly 10 GB of storage space for your photos and music (up to 2,400 songs).

Sirius Satellite Radio¹ comes with a 6-month prepaid subscription.³ Surf up to 120 channels – including 100% commercial-free music. Plus the best of sports, news, talk and entertainment, coast-to-coast.

Drive one.

¹Available. ²Some mobile phones and some digital media players may not be fully compatible. Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. ³See your Ford of Canada Dealer or contact Sirius at 1-888-539-7474 for more information.

THE THRILLS KEEP COMING.

From standard features like sequential LED tail lamps, MyKey™ owner controls and Easy Fuel® capless fuel filler to available features including glass roof, voice-activated Navigation System and rear view camera, it's safe to say you'll easily win the features race. With all of the possibilities, you can make your Mustang as infinitely unique as a snowflake. A fast, angry snowflake.

MUSTANG Standard Features

V6 Premium with Pony Package

Equipment Group 202A – Includes all standard features, plus:

Mechanical

3.7L Ti-VCT V6 engine with 305 hp @ 6,500 rpm and 280 lb.-ft. of torque @ 4,250 rpm

3.31:1 gear ratio with limited-slip rear differential

Compact spare tire

Seating

4-way manual height-adjustable driver's seat

2-way manual front-passenger seat

Cloth-trimmed seats

Interior

4-gauge instrument cluster with chrome accents

Carpeted front floor mats with embroidered Pony floor mats

Premium AM/FM stereo/single-CD audio system

Exterior

18" polished aluminum wheels

Automatic headlamps

Body-colour power sideview mirrors with integrated blind spot mirrors

Fog lamps

Lower bodyside tape stripe

Rear spoiler

Satin-chrome grille

V6 Premium with Mustang Club of America Special Edition

Equipment Group 203A – Includes all standard features, plus:

Interior

Premium carpeted floor mats

Exterior

18" Sterling Grey Metallic-painted aluminum wheels with P235/50R18 W-rated tires

Automatic headlamps

Dark stainless-painted billet-style grille

Decklid tape appliqué

Lower fascia-mounted fog lamps

Rear spoiler

Unique bodyside satin-black tape stripes

V6 Premium with Performance Package

Equipment Group 204A – Includes all standard features, plus:

Mechanical

GT Coupe suspension

Strut-tower brace

Tire mobility kit

Unique electronic stability control (ESC) tuning

Unique engine cover

Exterior

19" painted machined aluminum wheels with 255/40R19 Z-rated tires

Gloss Black sideview mirrors with integrated blind spot mirrors

GT

Equipment Group 400A – Includes select V6 Premium features, plus:

Mechanical

5.0L Ti-VCT V8 engine with 412 hp @ 6,500 rpm¹ and 390 lb.-ft. of torque @ 4,250 rpm¹

3.55:1 gear ratio with limited-slip rear differential

Seating

6-way power driver's seat with power lumbar

Leather-trimmed heated front bucket seats

Interior

6-gauge cluster with MyColor[®] illumination

Ambient lighting

Auto-dimming rearview mirror

Bright-aluminum instrument panel, pedal covers, door-sill scuff plates and shift knob

Bright-chrome door speaker surrounds

Ford SYNC[®] voice-activated, in-vehicle connectivity system

Leather-wrapped steering wheel with aluminum spokes

Shaker[™] 500 Audio System with AM/FM stereo/single-CD player with MP3 capability, 8 speakers and 500 watts

Sirius Satellite Radio with 6-month prepaid subscription

Universal garage door opener

Vinyl door-trim panel inserts

Exterior

18" wide-spoke painted aluminum wheels

Automatic headlamps

Body-colour power sideview mirrors with integrated blind spot mirrors

Dark-chrome Pony badge located in grille

Dual bright rolled exhaust tips

Fog lamps

Rear spoiler

Boss[®] 302

Equipment Group 500A – Includes select GT features, plus:

Mechanical

5.0L high-output Ti-VCT V8 engine with 444 hp @ 7,500 rpm and 380 lb.-ft. of torque @ 4,500 rpm

3.73:1 gear ratio with limited slip differential

Adjustable shocks/struts with 5 settings

25-mm rear stabilizer bar

Brembo[™] 14" vented front rotors and 4-piston calipers

11.8" vented rear rotors with high-performance pad compound

Quad exhaust with 2 side and 2 rear outlets

Unique intake manifold with production number plate

Seating

Charcoal Black cloth front bucket seats with grey embroidered "BOSS 302" logo

4-way manual height-adjustable driver's seat

4-way manual front-passenger seat

Interior

Some features discussed may be optional. Vehicles shown may contain optional equipment. Features shown may be offered only in combination with other options or subject to additional ordering requirements or limitations. Dimensions shown may vary due to optional features and/or production variability. Following publication of the 2011 original printed brochure, certain changes in standard equipment, options and the like, or product delays may have occurred which would not be included in these pages. Your Ford of Canada Dealer is your best source for up-to-date information. Ford Motor Company of Canada, Limited, reserves the right to change product specifications at any time without incurring obligations. Colours may not be exactly as illustrated. Please see your sales consultant for specific colour and model availability. Please visit your local dealer or ford.ca for complete vehicle details.
