

# MUSTANG 2009

powered by you

# Heart Grabber

If Mustang doesn't excite you, check your pulse.

You'll hear it before you see it. The deep, hollow bass rumbles into your heart and stimulates your pulse. And when you turn to look, your eyes go wide recognizing the modern yet classic shape as nothing else but a Ford Mustang.

From V6 to GT to Shelby, Mustang is packed with performance and wrapped in attention-getting style. It's how Mustang has stolen the hearts of owners for 45 years.

Mustang V6 Pony interior with Ambient Lighting.

## Saddle Up!

The optional V6 Pony Package makes a statement that reflects your style and attitude. Grille-mounted fog lamps with chrome bezels, contrasting lower bodyside tape stripes, and unique 17-in. painted-aluminum wheels get you noticed on the street.

Mustang V6 with the optional V6 Pony Package in Grabber Orange.

# Temptation

The allure of Mustang GT.

Mustang GT in Torch Red with optional equipment.

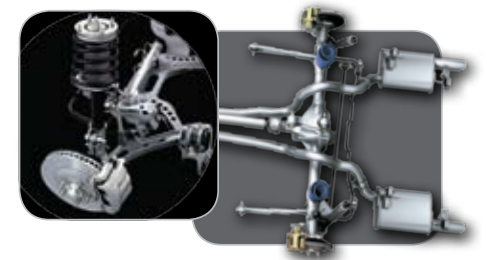

## Mustang GT: High Performance Defined

Every time you step on the accelerator of a Mustang GT, its passion for performance is unleashed to grab your soul. Further complemented by 17-in. aluminum wheels, performance tires, a limited-slip differential and stainless steel dual exhaust, the GT is fully equipped to make a statement on the street.

## The Heart of a Thoroughbred

A 4.6L overhead cam V8 with 300 hp and 320 lb.-ft. of torque authenticates Mustang GT as the classic Pony car. Whether you choose the 5-speed manual or available 5-speed automatic transmission, you'll always be tempted to drive at full throttle.

## Race-Inspired Architecture

Every Mustang is built with a suspension developed on the track for excellent performance on the street. Front MacPherson struts and a 3-link rear suspension with outboard shocks optimize ride and handling, and help put all that power to the pavement.

# Maximum Exposure

An alternative to dropping the top.

## The Ultimate View

The all-new optional Glass Roof Package combines the lines of the Coupe with the open, airy feeling of the Convertible. The fixed glass roof is tinted to help filter the sun's harmful rays from damaging the interior and includes a sliding sunshade.

Mustang GT in Brilliant Silver Metallic with optional equipment.

# Go Ahead, Open It Up

And show some muscle.

Mustang Convertible amps up your driving experience and lets you see more, hear more and feel more. The triple-insulated, waterproof, power top drops quickly enough to raise or lower at a traffic light, and includes electrically heated rear glass.

Mustang GT with the optional GT California Special Package blends the best of today's Mustang muscle with the memories of Mustang's historic past. Similar to the package originally offered in 1968, the GT/CS offers unique items including:

- Deep front chin spoiler with integrated air intake
- Side scoops
- Race-inspired rear air diffuser
- 18-in. polished-aluminum wheels
- GT/CS mid-body stripes

## California Special Interior

Black leather-trimmed seats are complemented by contrasting Dove (shown above) or Camel leather inserts.

Mustang GT in Performance White with optional GT California Special Package and optional equipment.

# Specially Tuned

Tailor your high-tech driving experience.
